

How to Set up your Mount Saint Vincent Email account on your iPhone

Go to the APP Store on your phone

Search for the Gmail App and download it (if you don't already have it)

The screenshot shows the App Store page for the Gmail app. At the top, there is a large Gmail logo. Below it, the app icon is displayed next to the title "Gmail - Email by Google" and the subtitle "Secure, fast & organized e...". A blue "UPDATE" button is visible. The app has a 4.3 star rating from 172K ratings, is ranked #1 in the Productivity category, and is suitable for ages 4+. The "What's New" section highlights version 6.0.200224, released 1 week ago, with a feature update: "You can now send emails more reliably after upgrading to iOS 13." A "Preview" section shows a snippet of an email conversation with a red banner that says "5 seconds to Undo Send". The bottom of the screen shows the iOS home screen dock with icons for Today, Games, Apps, Arcade, and Search.
